

Risk assessment template

Company name: Crib Notes Choir – Clapham Club Assessment carried out by: Louise Eekelaar

Date of next review: At start of next term, Sept 2026 Date assessment was carried out: 13/04/26

Crib Notes Choir is a choir for parents and carers with young children. While the singing is for the adults it is expected that choir members will usually bring their children along with them. We provide mats for the children to sit on and generally have the mats in the middle of the area and adults sit/stand in a circle around the mats. The majority of the members are mums on maternity leave, so the children attending are usually under the age of 1yr old, though we welcome children of any age with their parents. Sessions usually last an hour and we often provide lyric or music sheets for the songs. A normal average size of group is up to 15 choir members, plus roughly the same number of children, plus one or two Crib Notes Choir staff members.

Our Clapham Club is based in The Choir Vestry in St Barnabas Church, Clapham Common Northside. It is a rectangular room with a wooden floor, and closed cupboards all around the walls. The doors will be shut during the session. First Aid kit is located in a kitchen cupboard in the kitchenette through which the vestry is entered, and is clearly marked.

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
Accidental injury	Likely to have a mix of ages and mobility levels of children. Always potential for them to fall over/bump into furniture or each other	Create a clear space in the middle of the room, and put down mats, partly to lessen the hardness of the floor, mitigate against splinters and partly to create a distinct area for the session away from potential hazards.	Members sign terms stating they are ultimately responsible for their child's safety. Include in email information for people who have booked tasters. On the day make sure adults know they are responsible for their children. Check floor of room for hazards before the rehearsal.	Choir leader	In taster emails, at the start of the session and as needed	

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
<p>Children getting lost</p>	<p>The session is contained to one room with closed doors so this would only happen if a child leaves the vestry.</p>	<p>Creating a clear session area with mats for the children surrounded by chairs/standing space for adults, so children can't easily leave the space. Set up is circular so someone will always have visual on a child roaming around the room.</p>	<p>Any children at the session have to be accompanied by a responsible adult. Make sure the adults know they have full responsibility for their children. Ensuring doors are closed.</p>	<p>Choir leader</p>	<p>Before/during the session. In our terms and taster emails</p>	

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
Illness	Anyone attending including Crib Notes Choir staff. The likely age of the children means a lot of illness may be around the attending families, some of which could be serious such as chicken pox or scarlet fever	Members required in Terms to let us know about any health conditions that may affect safety of the group. Wash the baby's mat after the session.	Request people not to come if they or their children are ill. Keep the room well ventilated when possible to do so.	Choir leader in advance communication and before each session	Before start of session	
Hot drinks	Anyone attending but particularly the children, if hot drinks brought in are left within reach		Request people bring hot drinks in containers with screw lids and/or keep them well out of reach. Don't drink hot drinks near the children.	Choir leader reminders before and during the term. During the session as needed.	Before start of session	

What are the hazards?	Who might be harmed and how?	What are you already doing to control the risks?	What further action do you need to take to control the risks?	Who needs to carry out the action?	When is the action needed by?	Done
<p>Plug sockets and lights/heaters</p>	<p>Mobile children exploring the room</p>	<p>Parents aware they are responsible for their child's safety (signed the terms). Circular nature of set up means someone has a visual on the children at all times.</p>	<p>Choir leader aware of any hazards in this area. Quick sweep at the start of each session to make sure things switched off where possible.</p>	<p>Choir leader</p>	<p>Before each session</p>
